Minority Business Finance Program -- Grant to United Community Center

[LFB Paper #285]

Motion:

Move to require the Department of Commerce to make a grant of \$160,000 to the United Community Center in Milwaukee and provide \$160,000 in 2001-02 from the program revenue repayments appropriation of the Minority Business Finance program.

20.143 (1)(im)

- 
1. Note: The Minority Business Finance program (MBF) provides the following types of financial assistance:
    - a. Early planning grants to minority group members or minority businesses to fund projects that consist of the preliminary stages of considering and planning the start-up or expansion of a business that will be a minority business.
    - b. Business development grants and loans to minority group members or minority businesses to fund development projects involving the start-up, expansion or acquisition of minority businesses or the promotion of economic development and employment opportunities for minority group members or minority businesses.
    - c. Grants and loans to local development corporations to: (1) make grants or loans to minority group members or minority businesses for development projects; or (2) to create, expand or continue a revolving loan fund program operated by the local development corporation to provide assistance to minority group members or minority businesses.

d. Grants to nonprofit organizations and private financial institutions to fund microloans and education and training programs for minority group members and minority businesses.

e. Grants to nonprofit corporations, nonprofit organizations or business incubators to build or rehabilitate business incubators that benefit minority group members or minority businesses.

The MBF is financed through both a GPR and program revenue repayments appropriation. Annual base level funding for the MBF is \$329,200 GPR and \$267,200 PR. The MBF repayments appropriation is a program revenue, continuing appropriation. Dollar amounts shown in the schedule for such appropriations represent the most reliable estimates of the amounts that will be expended. However, expenditures made from such appropriations are generally only limited by the amount of revenues that are available from the appropriation.

This motion would require the Department of Commerce to make a grant of \$160,000 to the United Community Center in Milwaukee in 2001-02 from the balance in the MBF repayments appropriation [s. 20.143(1)(im)].
